*Nancy Meyers*, Ward Black Law, Greensboro, NC, for Petitioner.

*Linda Renzi*, United States Department of Justice, Washington, D.C., for Respondent.

### **DISMISSAL**<sup>1</sup>

On April 23, 2018, Glenda C. Vaughters (“Petitioner”) filed a petition for compensation under the National Vaccine Injury Compensation Program<sup>2</sup> (“Vaccine Program” or “Program”). 42 U.S.C. § 300aa-10 to 34 (2012). Petitioner alleged that she developed aseptic meningitis as a result of the pneumococcal vaccine she received on February 23, 2016. Pet. at 1, ECF No. 1. The information in the record, however, does not show entitlement to an award under the Program.

On July 10, 2019, Petitioner filed a motion for a decision dismissing her petition. ECF No. 22. In her motion, Petitioner conceded that “[a]n investigation of the facts and supporting science has demonstrated to . . . Petitioner that she will be unable to prove that she is entitled to compensation in the Vaccine Program.” *Id.* at 1. Petitioner continued, “to proceed any further would be unreasonable and would waste the resources of the Court, the Respondent, and the Vaccine Program.” *Id.* Respondent had no objection to Petitioner’s motion. *Id.* at 2.

---

<sup>1</sup> This decision shall be posted on the United States Court of Federal Claims’ website, in accordance with the E-Government Act of 2002, 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the Decision will be available to anyone with access to the Internet.** In accordance with Vaccine Rule 18(b), a party has 14 days to identify and move to delete medical or other information that satisfies the criteria in § 300aa-12(d)(4)(B). Further, consistent with the rule requirement, a motion for redaction must include a proposed redacted decision. If, upon review, the undersigned agrees that the identified material fits within the requirements of that provision, such material will be deleted from public access.

<sup>2</sup> National Childhood Vaccine Injury Act of 1986, Pub L. No. 99-660, 100 Stat. 3755 (“the Vaccine Act” or “Act”). Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

To receive compensation under the Program, Petitioner must prove either (1) that she suffered a “Table Injury”—i.e., an injury falling within the Vaccine Injury Table—corresponding to the vaccination, or (2) that she suffered an injury that was actually caused by a vaccine. *See* §§ 13(a)(1)(A), 11(c)(1). An examination of the record did not uncover any evidence that Petitioner suffered a “Table Injury.” Further, the record does not contain persuasive evidence that Petitioner’s alleged injury was caused by the pneumococcal vaccine.

Under the Act, petitioners may not be given a Program award based solely on their claims alone. Rather, the petition must be supported by medical records or the opinion of a competent physician. § 13(a)(1). In this case, the medical records are insufficient to prove Petitioner’s claim, and Petitioner has not filed a supportive opinion from an expert witness. Therefore, this case must be **dismissed for insufficient proof. The Clerk shall enter judgment accordingly.**<sup>3</sup>

**IT IS SO ORDERED.**
